We're here to help!

We know what it feels like to work long hours grading papers, making quizzes and constantly striving to do more for your students.

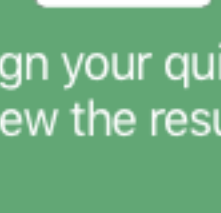

Mt Cleverest is a tool for busy teachers to help you focus on making your classroom engaging and fun for students.

Add the URL of a trusted piece of content

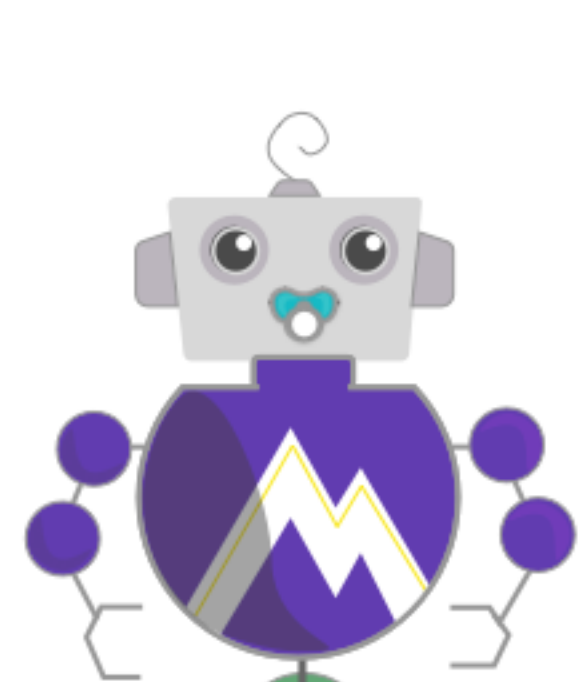

Create and edit quiz questions

Assign your quiz and view the results

Meet Andi, our AI robot helper!

Andi is here to help you find the best possible questions for your chosen content, but she's young and she's still learning. There more you interact with her, the smarter she gets!

Help Andi get smarter! Find out [more](#)

25,000 Answers 3,000 Questions 80 Contributors level 1

There are many ways to help her grow!

Add and Tag Content

When you add and tag trusted resources, Andi categorizes and stores them in the Mt Cleverest database for other educators to find and use.

Add Questions

Every question you write helps Andi learn how to write better questions. Andi will store these in the Questions Bank for that resource, where other teachers will be able to see and use them for their quizzes!

Edit and Select Questions

Andi is able to parse content and suggest questions, but they might be a little silly since she's so young! Help her get smarter by editing her questions and answers and selecting your favorites to add to your quiz.

Favorite Resources

Find a resource on Mt Cleverest that you love? Favorite it to give it higher status in the algorithm and increase the likelihood that Andi will suggest it to other teachers.

Flag Unwanted Content

See a resource or question that's not so good? Help us maintain an upstanding community by flagging unwanted content.

Easily draft your quiz

Choose the number of questions on your quiz

Name and tag your quiz

Select which class or students to assign to

You can choose to save your quiz or print it for students without access to technology, or...

Give your student 3 words to access their assigned quiz

Magic Words ✕

Track your students' progress

Mt Cleverest tracks student metrics and allows you to see their progress over time, allowing you to pinpoint struggling students and give them the extra help they need.

Rest easy at night knowing that you don't have to do it all alone. We've got your back... and so does Andi!
